

What is the training timetable ?

- We give you challenges and/or one or two module(s) per week .
- Each week will have its own basic challenge.
- A detailed explanation can be given by a tutor if you get lost with the slides.
- Thus said, this is your timetable :
 - Week 1 : **Introduction; Data Type - Functions; Challenge I**
 - Week 2 : **Conditions and booleans ; Collections:List ;Challenge II**
 - Week 3 : **Collections: Dictionaries ; Loops ; Modules: Random ; Challenge III**
 - Week 4 : **Challenge IV; Challenge V**
 - Week 5 : **Modules - Matplotlib.pyplot; File Handling; Web scraping with Python; Challenge VI;**
 - Week 6 : **Challenge VII ; Challenge VIII**
